**“Your Memories Off ~Girl’s Style~” from 5pb. Introduced Again for
the PSP® (PlayStation Portable) Platform!**

To be introduced with new components added!

5pb. Inc. (Game Division: Meguro-ku, Tokyo; President & CEO: Chiyomaru Shimura) has decided to introduce a version of “Your Memories Off ~Girl’s Style~”, a video game originally created in January 2008 exclusively for the PlayStation 2, for the PlayStation Portable (PSP). The new version will include story elements that follow up on the previous version. The game will be sold by Genterprise Inc. (“Genterprise” hereafter; Head office: Meguro-ku, Tokyo; President & CEO: Masahiro Yonezawa), will start sales of this product on February 26, 2009.

■ Summary of the game ■

The PSP version of “Your Memories Off ~Girl’s Style~” is a visual novel romance adventure video game.

You can enjoy different endings depending on the choices you make.

■ Original story ■

Umi Tsukioka, who will soon finish high school, has started a part-time job at “Cupid Café”, a shop where she has long wanted to work.

Every day, she enjoys her time at the café. The manager kids her, she enjoys talking with other part-timers, and she meets classmate Masato Honjo by coincidence (or is it really coincidence?).

One day, Masato invites Umi to go with him to a performance by a local band.

She is enthralled and overwhelmed by the sound of the band, which is called “Your”. But more than being excited, she feels a sense of release.

“I have nothing as intense as Masato within me even though we are about the same age,” she thinks.

“Even so, I always thought that was all right, until now.”

A few days later, a member of the Your band comes to the café.

At once, the band becomes a much closer to Umi, becoming something that is more than merely something to dream about.

Another day, a band member invites Umi to attend a practice session.

She is excited to see the place where the instruments are and the sound comes from. She isn’t

sure what to do but somehow has expectations. With these feelings, she heads off to the Your studio.

■Features of “Your Memories Off ~Girl’s Style~”■

For the PSP version, the game includes after stories for events after clearing each character. Additional scenarios were written by “Mariko Shimizu”, who wrote the main story. In addition, there are many new event computer graphics created by “Setsuko Yoneyama”, who designed the characters for this game. This ensures that the PSP version will fully satisfy even players who have used the PlayStation 2 version.

■The Freedom to Enjoy “Your Memories Off ~Girl’s Style~” Anytime Using a PSP Version■

The beautiful graphics and sounds created for the PSP version use the same outstanding actors and actresses for the voices. The compact size and light weight of the PSP game unit allows players to surround themselves in the world of “Your Memories Off ~Girl’s Style~” at home or even on a train.

■Features of the Limited Edition Version■

- Character song CD: A single CD that contains the songs of each of the six main characters!
- Character voice card: This post card-sized card generates messages from the characters.
There are also illustrations. The audio was newly recorded exclusively for this card.
- Limited edition makeup box: Features a newly created illustration by “Setsuko Yoneyama”

■ Umi Tsukioka

Voice: Kaori

A senior at Hamasaki Gakuen High School. Age 17.

The central character of the main story, she is cheerful and docile.

She makes a good impression and gets along with people well. She is a good thinker, but is often too cautious.

■ Junichi Sasa

Voice: Akira Midorikawa

Sings and plays the guitar for the band “Your”. Age 19.

A selfish individual who does what he wants. Stoic personality.

He is kind to the few people that he lets into his heart. He develops close ties to these friends, listening to everything they say. At times, he becomes somewhat naïve and simple-minded.

A child deep inside. Very serious. Crazy about music.

■ Kiyotaka Ichii

Voice: Ryutaro Okiayu

Bass guitar player for the band “Your”. Age 21.

A quiet adult who is kind to everyone. He is intelligent but is not boastful.

He does not like to be alone, but he needs only one other person to be satisfied.

■ Taku Kawamoto

Voice: Hiroyuki Yoshino

A junior at Hamasaki Gakuen High School. Age 17.

He likes to stand out. He is one of the most popular students in his classes, getting along with everyone.

Taku is easily excited but quickly cools down. Very energetic. He is more childlike than his age or appearance would indicate.

■ Hidemi Hane

Voice: Kenichi Suzumura

Plays drums for the band “Your”. Age 19.

Appears to be shallow because of his cheerful and talkative nature. He has a solid and powerful

character. Conservative.

Has a straight-forward manner even to girls. Easily develops a crush on girls but does not like to be the object of a crush.

Helps keep people together. Always says that “You would break up immediately without me.”

■ Masato Honjo

Voice: Kosuke Toriumi

A senior at Hamasaki Gakuen High School. Age 18.

Masato is kind and a little shy. He has high grades. Develops a strong interest in a particular hobby. A romantic personality.

From an affluent family. Likes girls very much with sincerity.

Has only a few male friends.

■ Kuta

Voice: Katsuyuki Konishi

A mysterious man who may have been abandoned in front of a café.

He is quiet and talks very little. He is strange and does not have a sense of reality. He sits on a cushion in the café and is somewhat like a dog.

His appearance is somewhat elegant, but all he does is stare off into space.
